

Why people don't use bed nets

A presentation by Charles Isabiye
at the ADHL Nairobi Workshop
October 2018

African Digital Health Library

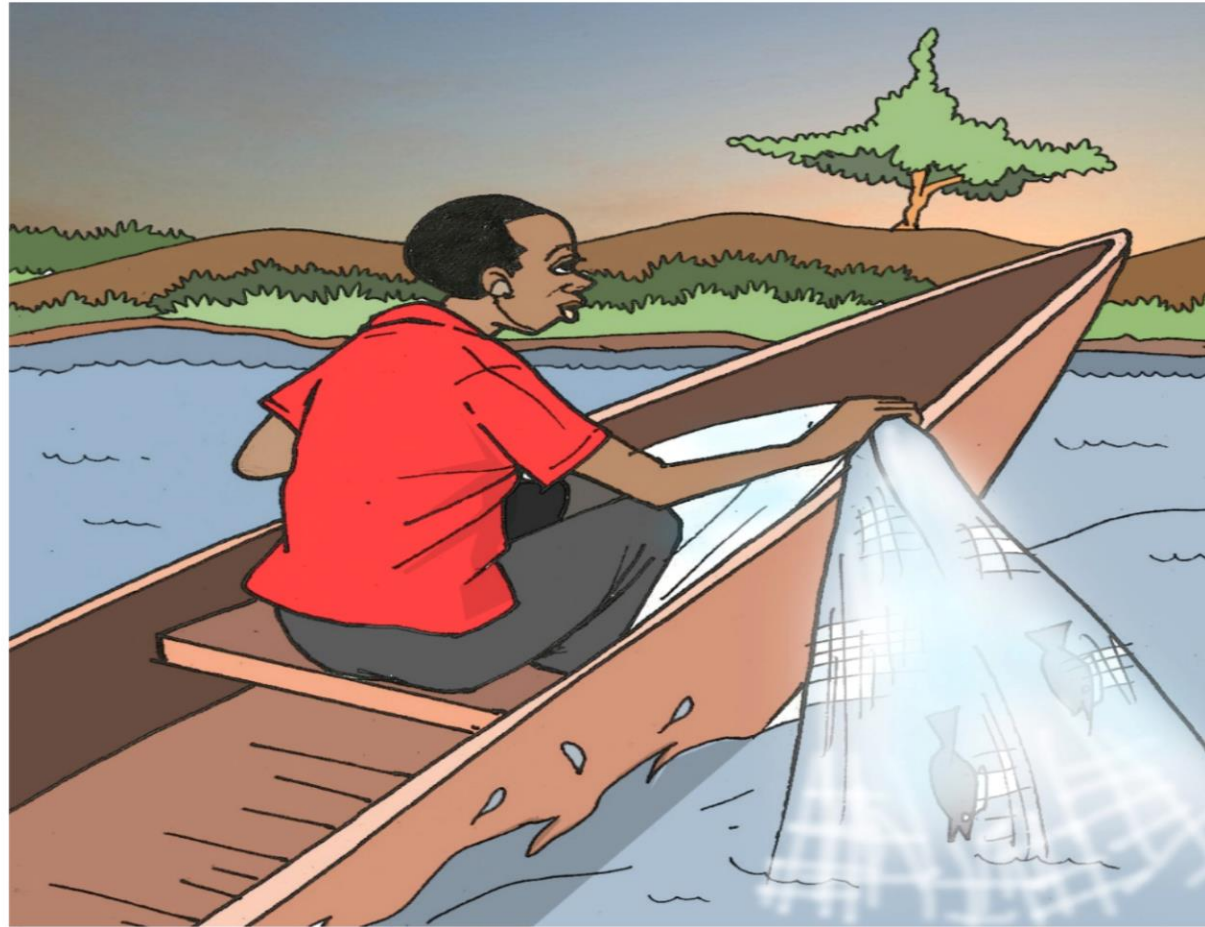

- US State Dept/Office of Global AIDS
- African Digital Health Library – digitizing and making available indigenous research - 7 universities in 7 countries

Why bed nets do not always work as designed

People use them for other things

- Fishing net

Why bed nets do not always work as designed

People use them for other things

- Bridal veil

Why bed nets do not always work as designed

People use them for other things

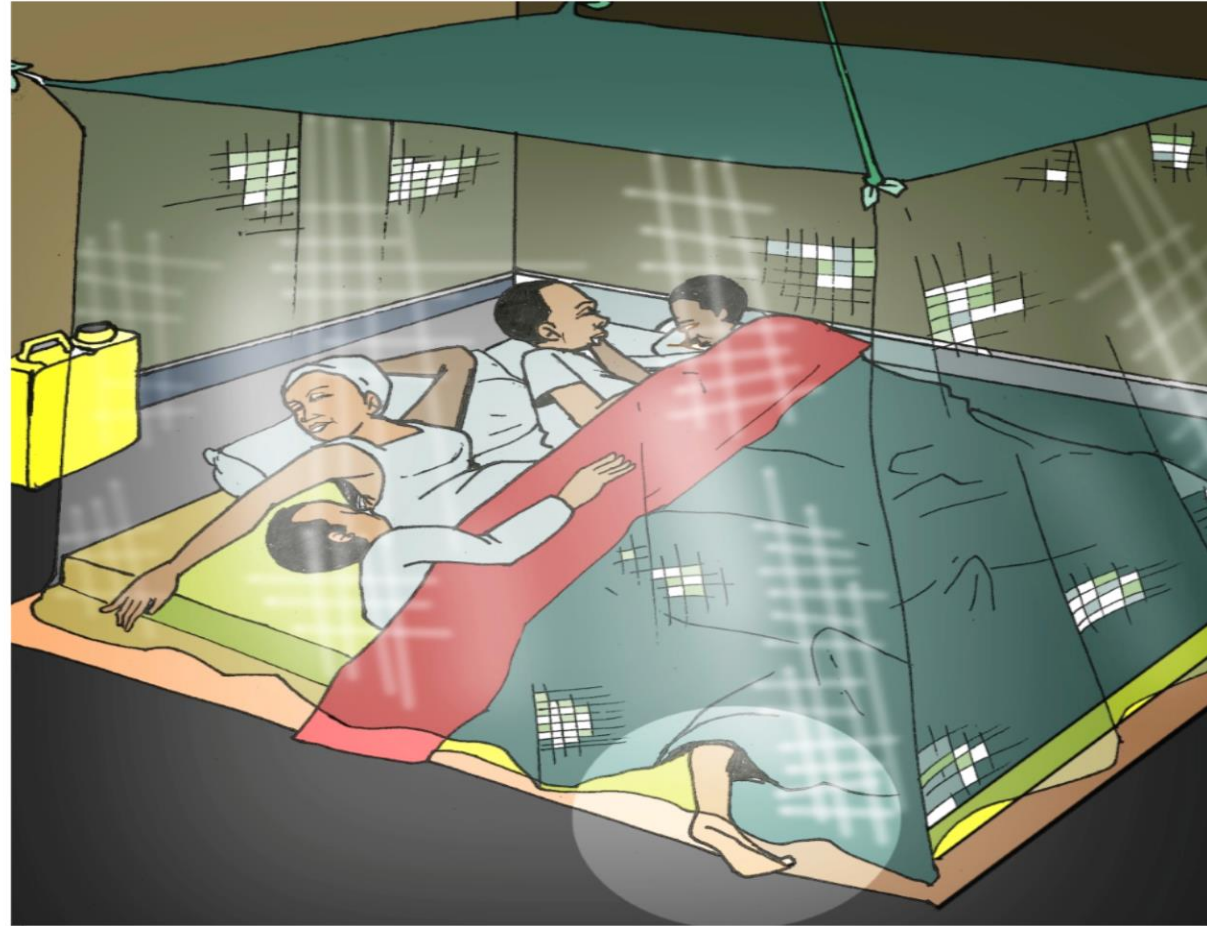

- Sell for money

Why bed nets do not always work as designed

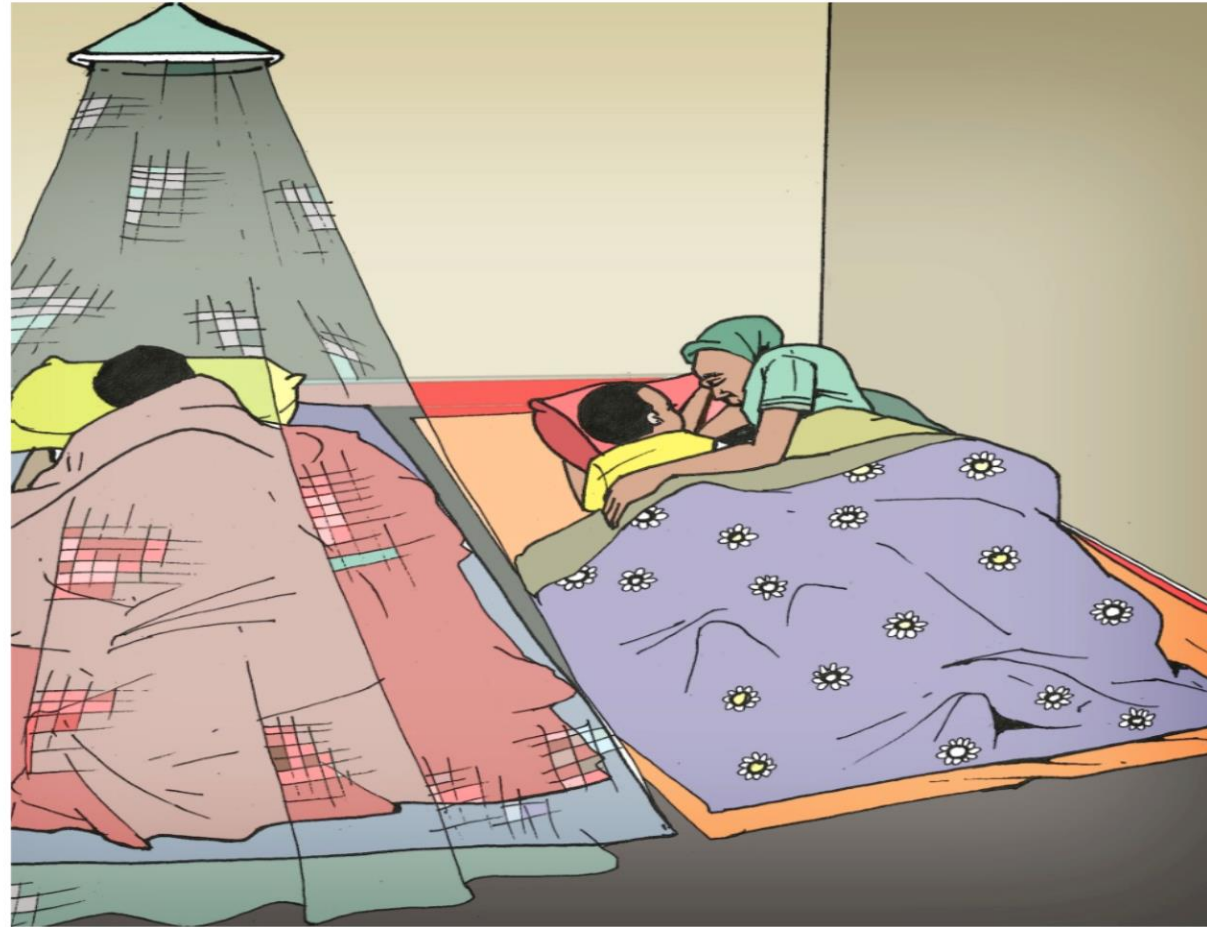

One net for the whole family

- Overcrowding

Why bed nets do not always work as designed

Rest of the family is unprivileged

Why bed nets do not always work as designed

Outdoor cooking and socializing take place at dusk when mosquitoes come out

Why bed nets do not always work as designed

Thoughts about other causes

- Mangoes

Why bed nets do not always work as designed

Poor infrastructure and bushes

2018-10

Why people don't use bed nets
